MEMBERSHIP DESCRIPTIONS

Applications may be downloaded off our website: www.ccoflexington.com

FULL MEMBERSHIP – *as described within our club's by-laws*

CORPORATE MEMBERSHIP

A Corporation may apply for a Corporate Membership. The Board must approve such memberships. Each Corporate Member will be required to pay one regular initiation fee per each individual membership and may then nominate not more than six (6) employees for individual membership within the Corporate Membership. The Board in accordance with Country Club of Lexington by-laws must approve each individual nominated. In the event an individual member leaves their membership the corporation may replace that member with the nomination of another employee subject to the approval of the Board. No additional initiation fee will be required. When approved by the Board of Directors, that new member will be subject to all other requirements of a regular membership including the payment of regular monthly dues. Individual members within a Corporate Membership will be a voting member. The Corporate Member is responsible for all debts not paid fully by an individual member under this section.

A Corporation is defined as a business entity created under the authority of the laws of a state and registered with the South Carolina Secretary of State to legally conduct business in the State of South Carolina.

SENIOR STATUS

Senior status has an age requirement of 62 years of age or older. Members approved for senior status are allowed use of the golf course on weekdays only, but full use of all other club facilities seven (7) days a week. They may play golf weekends after paying the prevailing rate charged to guest of the club and also eligible to play in all club tournaments at the prevailing rate. A member approved for senior status is a voting member, as described in the club's bylaws.

Any full member in good standing, age 62 or older, may submit a written request to the Board of Directors to change to senior status.

Senior status category has a cap of one hundred (100) and may be reviewed, and adjusted, by the Board of Directors based on current membership levels. Members who apply for Senior Status will be placed on a waiting list if the cap of one hundred (100) is full.

Any person 62 years of age or older can join as a senior member paying the full initiation fee effective at that time. The new member would be assessed the senior dues rate and have the same status as other seniors. However, if the senior cap of one hundred (100) members is full, the new member can be placed on a waiting list or become a full member being assessed full membership dues until such time as an opening occurs. With the cap full at one hundred (100) senior members and the existing full time member requests to change to senior status and is 62 years of age or older, that member would be placed at the top of the waiting list until the next opening occurs.

JUNIOR MEMBERSHIPS *(Two (2) Categories)*

A **Junior** member, at the time of admission, shall be not less than 21 years old or past their 29th birthday. Junior members shall pay, upon election, one third (1/3) of the current initiation fee and monthly dues that are approximated at 54% of regular dues.

A **Junior Executive** member, at the time of admission, shall be not less than 30 years old or past their 34th birthday. Junior members shall pay, upon election, two thirds (2/3) of the current initiation fee and monthly dues that are approximated at 76% of regular dues.

The percentages are based on current regular dues and may be adjusted as needed with changes approved by the Board of Directors.

SOCIAL MEMBERSHIP

A social membership includes the use of the clubhouse, pool, tennis courts, and driving range (with use of club range balls only – may be purchased by the bucket or join annual range program). The membership will also be allowed to make a reservation to play golf twice a month, Monday through Saturday after 12 o'clock noon, and pay green fees and cart rental. A social member will have priority, after the ex-dependent and inactive member's reactivation request, to become a full time member and the initiation fee will be reduced by the amount paid for the social membership initiation fee. *The Social Member has no voting privileges.*

Social Member golf tournament play – A social member cannot play in a golf tournament as a member.

Former Social Member return policy – A former social member who left the club in good standing within the past three (3) years and desires to be reactivated will pay a reactivation fee equal to the social initiation fee at that time.

NON-RESIDENT MEMBERSHIP

Anyone that has their primary residence outside a (fifty) 50 mile radius of the club may submit application for a Non-Resident membership. A proof of primary residence (voter registration card, property tax receipt, or driver's license) must be submitted with the application. The Board of Directors will approve all new applications for this membership category.

The Non-Resident pays an initiation fee of \$400 plus an annual fee of \$600, payable by the membership anniversary date. Proof of primary residence (as described above) must accompany the yearly dues. Failure to submit the yearly dues and required documents by the 15th of the month following the member's anniversary date will automatically terminate the membership.

The Non-Resident membership is a non-voting membership that has the same privileges of a full membership, except pays a one-half Green Fee each time playing golf.

These members are also eligible to participate in all club tournaments provided they maintain a SCGA Handicap here at CCL. The only restriction for Non-Resident Members with regards to tournaments will be signing up for the CCL Member-Guest. Full golfing members will have priority for this one event. However, Non-Resident members will be allowed to play if the field is not full by the sign up deadline.
